

EMPLOYER EXPECTATIONS WORKSHOP

Learning Objective

Explore and identify employer expectations of employees and the skills employers are seeking in future staff in preparation for the workplace.

Overview

Employer Expectation Workshop encompasses students:

- Exploring the skills that need to be developed to prepare for the workplace.
- Identify what employers really want from their staff.
- Express the skills and qualities personally developed linking those skills and qualities to what employers are seeking in their employees.
- Discuss ways to develop skills to further prepare for the workplace.

| Program Level | Duration | Learning Areas | |
|---------------|-------------------------|----------------------|---------------------|
| Years 10-12 | 1 Workshop - 45 minutes | Work Related Skills | Communication |
| | | Interpersonal Skills | Literacy |
| | | Critical Thinking | Personal Reflection |

Pre-Program Tasks

- Brainstorm the type of skills employers may be wanting and needing in their staff
